1. Reviewed all previous material

Previous material: <https://github.com/BU-Spark/ds-boston-bpda-br-census>

Data: https://drive.google.com/drive/folders/15ux-_qyrobVvTvq8Nkl3gy0XSt089qt3

Project detail:

https://docs.google.com/document/d/1S_XMgmzYb5mlRvpPIH88r3myAkyuXzLoPy_fNb2nLal/edit?usp=sharing

2. Revised scope of the project if needed

No revisions will be made.

3. Identify / list limitations with data and potential risks of achieving project goal

Allow user to set different parameters on the data set and show the graph.

Combining multiple data set to process and visualize.

Show result on the map with timeline and other demographic information.

4. Meet with client to review the project

Meeting Notes : https://docs.google.com/document/d/1aMf2iydw4z7But_an1RZ0Ndzg16uwp-z/edit?usp=sharing&oid=113920542368276489211&rtpof=true&sd=true

- How has the population changed over time? Do we see temporal trends in the demographic characteristics of the population (age, gender, income, poverty, homeownership, median income, etc...)? See spreadsheets for a complete list of variables for individuals and households).
- Are there variations across states?
- Are the trends consistent with national trends?

5. Schedule weekly meetings with PMs and bi-weekly with client

Weekly meetings with PM on every Friday from 11AM. Client will also join the meeting bi-weekly at the same time.

6. Submit a PR with the revised project proposal including list of limitations
