

Team 1 Scrum Report 3

Project: **BPDA | Brazilian Community Census Analysis**

Members: **Simon Lu, Angela Tran, Andrew Tuckman, Carter Vande Moore**

Tasks Completed this Week:

- Met with Hong and Team 2 to discuss current status. We are all still waiting on relevant data.
- Obtained data from Jing for the year 2019.

Plans for Next Week:

- Ideally finish obtaining data for the years 1970, 1980, and 1990.
- Start analyzing for the year 1970.
- Create visualization for the year 1970.

Issues:

- Data for years 1970, 1980, 1990 is still needed for Team 1 analysis.
- Need to confirm the scope of the project. We are unsure if we are still analyzing decennial data on the Brazilian Community in Boston or if we are analyzing yearly data on the Brazilian Community in all states of America.

Client Meetings:

- Last Client Meeting: Friday, October 22, 9AM
- Next Client Meeting: Monday, November 1
